I am a data analyst, actively enrolled in a Full Stack Development Bootcamp. I enjoy working with large amounts of data, GIS, SQL, and am leering JavaScript. I'm excited to see what new challenges and opportunities this will bring me.

EXPERIENCE

JULY 2004 – PRESENT
SR. LAND ANALYST, UTAH COUNTY ASSESSOR'S OFFICE

I am a mass appraiser, in charge of valuing all of the non-commercial land in Utah County for Property Tax Purposes. I use GIS, SQL, Excel, and many other computer programs to accomplish this task.

JULY 2001 – JULY 2004
APPRAISER, GARFIELD COUNTY ASSESSOR'S OFFICE

I was the appraiser for the Garfield County Assessor's Office. I worked on the entire valuation process from data gathering, to data entry, to value reconciliation, to appeals, and many other tasks related to property tax. While there I we converted the appraisal software, the tax administration software, as well as the DMV software.
